

Job Title:

Midweight Interior Designer

Job Purpose:

To join the interior design team, supporting in both the creative and detailed design of 3D projects coming into the studio.

Opportunity:

An exciting new role has opened up to join our creative team. Reporting to the head of 3D and company Directors, the ideal candidate will have 5+ years of working experience working on Place and Space projects within the Retail and Leisure Destinations sector.

You will be comfortable taking briefs and working with the team to create concepts, confidently visualising them to a high standard and applying them throughout spaces with thought and consideration to the wider brand strategy & customer experience. At Beyond, we work with a proactive attitude, with each team member pitching in to support others who are under pressure – no job is above or beneath anyone. We are looking for someone with a friendly, positive personality, who is always keen to get involved and contribute to a great work environment.

The structure of our agency allows us to fast-track the right people into key roles, through a combination of hard work and access to relevant training, so this role would really suit someone who is looking to grow and build a successful team and career.

Key responsibilities

- To support the head of 3D and team in the creation of thoughtful and considered designs
- Preparing thorough presentations including visuals, design intent & detailed drawings
- Meeting with construction professionals to discuss designs & attending site with 3D Lead
- Creating detailed design intent drawings and specifications for Tender & Construction
- Specifying the finishes & materials
- Working with Cinema4D &/or Vectorworks to produce drawing packs
- Working with C4D & CC suite to produce visuals to demonstrate the concept & design intent
- To attend site to carryout surveys and partake in project team meetings

Skills and Qualifications:

- Degree in Interior design/architecture
- Strong C4D visualising skills
- Strong Vectorworks skills
- 5+ year's experience working in industry and on retail, F&B and/or hospitality projects
- Accurate with attention to detail

Location: Hammersmith (1-2 days a week in the office – more if you prefer), must be UK based.
